Dear parents/carers,

Best wishes to the 60 students who will perform at the 4 Winds Youth Festival at Bermagui tomorrow. **Years 3 to 6 Guitar** ensemble, **Years 3 to 6 Choir** and **Years 2 to 6 Join the Circus Dance Group** are feature artists at the Festival. Congratulations Candelo! All children are to wear school uniform, school hat and black shoes and bring their recess and lunch food and water bottle. Parents are welcome to join the audience, the program will begin at 10.30am. Parents may need to bring a sunbrella, chair and water bottle as the seating will be set up outside the pavilion.

Fantastic reports about the Year 5 and 6 group of children attending the excursion to Canberra, made us very proud. Thanks again to Sam and Jenny for their support of the students during this exciting event. Along with educational visits to Parliament House, National Portrait Gallery, National Museum of Australia, Museum of Australian Democracy and the War Memorial, the children enjoyed lots of challenges at Questacon at night, Cockington Green, Canberra Arboretum tour, Ice Skating and Nighttime Bowls. Thanks again to the P&C fundraising committee for providing financial support for the 32 children attending.

Kindergarten Transition - Please ensure that families in the area are aware of the Kindy transition program for enrolments for 2023. Thank you, Mrs Whitehead, for working with Sarah at the Preschool to support successful transition days.

Thursday 17 November 2.00 - 3.00pm

****Thursday 24 November 2.00 - 3.00pm (Kindy interviews will be held during the day & Parent meeting is at 2pm).**

Parents have reported cases of *Nits* and would like all families to check their children's hair and treat head lice according to their preferred treatment option. Advice from NSW Health indicates that there is no need for students to be sent home or excluded from school because of head lice. Please see this website for advice <https://education.nsw.gov.au/student-wellbeing/health-and-physical-care/health-care-procedures/conditions/head-lice#:~:text=head%20lice%20treatments-.Treatment,at%20identifying%20and%20managing%20infestations>.
