Covid Intensive Learning Support Program

The children in the tuition groups this term have been working hard towards their learning goals. They have been honing skills in numeracy especially place value, additive strategies, fractions and decimals. In literacy, children have been extending their understanding of specific text structures when writing and filling in skill gaps in spelling.

All groups celebrate their achievements. Progress Reports including the children's own self assessment will be sent home before the end of term.

Peyton, Rachael and Ally are using the dictionary to find words with specific prefixes.
